	APPROVAL OF STATE ENGINEER
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
ric no: he:	wing limitations and conditions: This permit is issued subject to all existing ghts on the source and is limited to what the well will produce but to exceed 5.4 c.f.s. It is understood that the amount of water rein granted is only a temporary allowance and that the final water ght obtained under this permit will be dependent upon the amount of
wa	ter actually placed to beneficial use. It is also understood that
.th	is right must allow for a reasonable lowering of the static water
.le	vel at permittee's well due to any other ground water development in
th	e area. A substantial weir or other type of measuring device must
.be	installed and measurements of water use kept. The well shall be
.eq	uipped with a 2-inch opening and an air line for measuring depth to
.wa	ter. If well is flowing, a valve must be installed and maintained.
.to	prevent waste. The State retains the right to regulate the use
£م.	the water herein granted at any and all times.
The	amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and
not t	o exceedcubic feet per second, and not to exceed a
eas	onal duty of 4.0 acre-feet per acre of land irrigated.
Actu	al construction work shall begin on or before
Proo	of of commencement of work shall be filed before December 11, 1964
Wor	k must be prosecuted with reasonable diligence and be completed on or before
Proc	of of completion of work shall be filed before
App	lication of water to beneficial use shall be made on or before
Proo	of of the application of water to beneficial use shall be filed on or before
Мар	in support of proof of beneficial use shall be filed on or before
	mencement of work filed Alac 39, 1964
Proof	pletion of work filed
Certi	ral map filed of May , 1964.
